

ABOUT EXCENTIA

Excentia is a nonprofit organization in Lancaster County that provides supports for people with developmental needs and autism throughout the lifespan. These services can start at birth with therapeutic and educational programs for children and their families – some will use services for only a few months, and others until public school services take over. We also pick up where school services leave off with adult day services, independent living, employment supports, and residential options. It's our goal to provide comprehensive supports for as little or as long as they are needed.

Excentia is here to partner with you in as many ways as we can. For over 50 years, we have served children and adults with a wide variety of developmental delays and disabilities. We are firm believers in self-determination and person-centered planning. All of the service options provided by Excentia are designed to encourage self-worth, build independence, and promote measurable growth. It's more than just taking people into a community setting - it's about helping them become part of it.

EMPOWERING PEOPLE
WITH DEVELOPMENTAL NEEDS

OUR IMPACT

Excentia uses a dynamic team approach with individuals, families, friends, the community, and Excentia staff. Everyone works to create a well-rounded schedule filled with social outings, volunteer projects, skills development, and recreational activities. Today you can see the people we support learning in preschools alongside other children with and without developmental needs, volunteering in nursing homes, museums, and animal shelters throughout Lancaster County, as well as being gainfully employed with various businesses in the community.

At Excentia, it is all about relationships and results. Relationships are the focus at every level of the organization, from the families and people we support, to our employees, to the community that becomes a better place to live.

Excentia offers a work environment where everyone is passionate about the mission and where employees know they make a difference each and every day. We offer full and part-time positions with a variety of shifts.

Excentia holds several events throughout the year including the Flamingo gala, Carl J. Witmeyer Memorial Golf Tournament, and Women's Circle of Giving, and participates in the Extraordinary Give.

Your donation will make a true impact in the everyday lives of children and adults with developmental needs in our community.

For more information on how to get involved with Excentia, contact Karen Fitzgerald, Vice President for Advancement and Community Relations, at karen.fitzgerald@excentia.org or www.excentia.org, or visit our website at www.excentia.org

IN THEIR WORDS

Thank you for hiring and retaining the best therapists. We were honored to share our son with them and consider them in the highest regard. – AMY

I'm glad I'm working because when I wasn't, I was hanging out at the house all the time, so now I'm out doing things. I feel good because I know that I'm able to do it and I don't need anybody telling me that I have to do it. – RYAN

To see him happy, functioning, and believing 'I can do anything,' that makes me happy. He's so much more confident and independent and grown up. – SANDY

This year my son has some spontaneous speech and is in kindergarten! I got to hear him say "love you!" We wouldn't be where we are now without the solid base we got from Excentia. We are forever grateful. – ELISSA
